8 AM – 4:30 PM

**CIP SUBCOMMITTEE
MINUTES
OCTOBER 10, 2005
(Approved as written 11/7/08)**

PRESENT: Paul Morin, Chairman; Heleen Kurk; Paul Marsh; Naomi L. Bolton, Land Use Coordinator

GUESTS: Tom Reynolds, Parks and Recreation

I. CALL TO ORDER:

Chairman Paul Morin called this meeting to order at 7:10 PM in the basement of the Weare Town Office Building.

II. PUBLIC MEETINGS:

The purpose of this meeting was to review the upcoming requests for the Parks and Recreation commission for 2006.

Parks & Recreation: Tom Reynolds, representative from Parks and Recreation came to go over the projects the commission is looking to do in 2006 and in the future. Mr. Reynolds stated that the commission was mixed about the idea of hiring a professional consultant to review the fields. Mr. Reynolds then went over the following items:

Ineson Field: #1 priority is to finish the irrigation with an estimated price of \$15,000; the long term project is look at the possibility of adding 2 more fields with the 90' diamond.

Chase Park: #1 project is to relocate the pump for the well with an estimated price of \$7,000; the long term project is to look at the erosion control plans and see if the existing funds are sufficient enough to complete the project.

Tennis Courts: to fix the surface they got two different prices with two different strategies. The first is to add a sealer for \$16,000. The only trouble the commission has with that is they have been told the base is not good enough. The other price of \$60,000 is to remove the fence, regrind and put down a new surface. The town could save \$15,000 if we were to utilize the same fence.

Bolton Field: This had 6 different projects. They are as follows:

1. fence (they are waiting on 2 quotes, 1 for just the fields and 1 for the perimeter.
2. seating – just like the new ones as John Stark \$40,000
3. parking/landscaping/drainage - \$60,000 (a verbal quote given from 2 different contractors)
4. bathroom/concession stand – no price at this time
5. lighting – no price at this time
6. scoreboard – no price at this time

Purington Field: there were no numbers available for any projects. They would like to get the existing playing surface in a playable condition being that we will be losing one playing field when construction starts on the new middle school.

Gazebo: there were no numbers available for any projects at this time.

Next meeting: Those present felt that the board should meet again soon. It was mentioned to tentatively set it for Monday, October 24, 2005, but needed to be confirmed after everyone looks at their schedule.

III. ADJOURNMENT:

As there was no further business to come before the subcommittee, the meeting was adjourned at 9:00 PM.

Respectfully submitted,

Naomi L. Bolton
Land Use Coordinator
